To Whom It May Concern,

Ronnie and I worked together in developing a Property Management System for Sauer Properties. We manage 1250 apartments. Our system is the reason for our success.

Ronnie's expertise and creativity has made our operation so efficient that we have grown painlessly every year. All of our work orders, phone and text communication, renter information and accounting is managed and backed up in the cloud. This all works seamlessly together thanks to Ronnie.

Anyone is welcome to call me for any further information at 818-554-2896.

Sincerely,

Tim Sauer
